

Your freelancer needs one client site. **Not** all of them.

▶ WPOS Workspace

app.wpos.ai

< Members

Sites for Sam

Sam sees only what is ticked here. Everything else in the workspace stays invisible.

☒ riveraplumbing.com

Assigned

WP user: sam ▾

☐ client-two.com

How do you give freelancers access **today**?

A. One shared admin password

B. A new WordPress user on every site

C. A tool built for it

Tell us in the comments.

Save this for your next onboarding.
